

## ENPM665 Homework #3 – AWS Deep Dive

Version 1.4 – October 11<sup>th</sup> 2022

Review <http://flaws.cloud/> and complete the fLAWS challenge. There are 6 challenges to complete.

**Note:** There are many hints that are given by the creators of this challenge -- make sure to use them!

### **Deliverable:**

Provide the answers/screenshots of each of the 5 challenge solutions.

1. What is the URL for the secret file for Challenge #1? (1 point)
2. What is the URL for the secret file for Challenge #2? (1 point)
3. Provide a screenshot of the output from the AWS S3 CLI command you used to get a list of the files in the S3 bucket for Challenge #3. (1 point)
4. What is the user name and password needed to login for Challenge #4? (1 point)
5. Provide a screenshot of the AWS S3 CLI command running as the profile "level5" using the credentials you find in Challenge #5. (2 points)
6. What's the final URL at the end of Challenge #6? (note: the words "The End" will be in the body of the web page.) (2 points)
